---

Dear Contestants,

Congratulations! You guys have been selected to continue on to the next round of Summer College Idol. You must attend the rehearsal tomorrow. It will begin at 9 pm and will be held on the 3rd floor of Noyes in the Multipurpose Room. Please be prompt.

Before we meet again tomorrow, there are a few things that you guys will need to know before you show up.

\*You will need to have two pieces/songs/performances prepared. There will be two rounds and you cannot perform the same piece twice. Remember to save the best for last but you want to get the audience hooked on your performance the first time you step on stage.

\*Be sure to choose a song that suits your voice, your style, and also remember to choose a piece that you think the audience will be receptive to when you perform.

\*No lipsyncing. Try and find your song without the lyrics. If you can't find your song without words, don't worry, that's okay. Just try and perform over the pre-recorded lyrics.

\*Be prepared, whatever that entails and is specific to your performance.

\*Be patient tomorrow during rehearsal. Bring snacks, a book to read, whatever. Things might take longer or shorter than expected.

\*And last but not least, BE CONFIDENT! You guys were chosen because the judges felt you had what it takes. Be confident in yourself and people will be confident in you. You are all great. No need to be nervous.

Now, if you guys have any questions, comments, concerns, don't hesitate to contact me. Thank you all for your time and participation. I will see you all tomorrow at rehearsal.
